PATIENCE IS A VIRTUE

As most of you know, the spring, summer and fall months bring on construction of many kinds. East Nicholls Road now has new irrigation water lines by Haight's Creek Irrigation. New culinary water lines are now being laid on East Nicholls Road. This is a necessary step to take for the Hwy. 89 project coming up. We understand there will be dust, slowing of traffic, detours, and work trucks in the road. We ask for your understanding and patience. The new lines are a benefit to you and the city as a whole. We are appreciative of everyone's efforts to help see this project through. As in all things, this too shall pass. Thank you everyone for your patience!

Cert is about people helping people! Every year there are communities that fall victim to some catastrophic event or disaster. Whether an earthquake, flood, high winds, blizzard or a so called 'man-made' disaster, the purpose of CERT training is to provide citizens with the basic skills to handle virtually all their own needs and then respond to their community's needs in the aftermath of a disaster.

The cost is \$25 per person to cover costs of medical supplies, personal protective equipment, and other costs.

Courses begin Thursday evenings— Aug. 1— (you can miss the 1st class, we know this newsletter goes out on the 1st), continuing Aug. 8, 15, 22, 29, Sept. 5, 12, 19, & 28—TBD from 6:30—9:30 p.m.
